Projects

Phishing Links Detector

- A Browser extension which scan every link user open and check whether it is a phishing link or not.

Skill Trade

- **Developed a skill exchange platform** where users can teach and learn from each other, earn ranks, and unlock benefits based on performance, creating a gamified and community-driven learning experience.
- **Integrated AI mock interviews, quizzes, and course-selling features** to make users job-ready, with role-based access, real-time chat, and secure authentication using React.js, Node.js, MongoDB, and Vapi API.

Musaica - Collaborative Audio Engineering

- **Real-time Collaboration:** Experience live cursors on waveforms, timestamp-specific comments, and flexible permission levels, making remote team projects seamless.
- **Intelligent Sample Management:** Instantly analyze and replace drum hits or samples with style-matching alternatives from a library, all with a single click and perfect timing.
- **Context-Aware Effects:** Leverage an intelligent system that suggests and automatically adjusts effects based on your audio content, providing "smart presets" that adapt to your specific material.

Interactive 3D Web Experiences

- **Celestial Orbits:** A Three.js 3D visualization showcasing planetary rotation and orbital mechanics, offering an interactive solar system exploration.
- **Zajno Reimagined:** A Three.js clone recreating key interactive elements and visual effects from the Zajno website, demonstrating advanced WebGL.
- **Organic Form Sculptor:** A Three.js application for real-time generation and manipulation of customizable 3D blob forms using procedural geometry.

Education

Maharaja Agrasen Institute of Technology
B.Tech - IT

Lt. Col. Mehar Little Angels Sr. Sec. School
CBSE XII

Skills

Programming Languages

Python, C, C++, Javascript

Web Development

MERN, NEXT.js, MySQL, Django, Flask, HTML, CSS, Javascript, Typescript

Libraries & Frameworks

ThreeJS, Tailwind CSS, Bootstrap, JWT, Rest API, OAuth, DBMS

Tools and Technologies

Git, Github, Docker, VS code

Soft Skills

Problem-Solving, Collaboration, Teamwork, Adaptability

Certifications

Postman API Fundamentals Student Expert Oct' 2024

- Received Completion Certificate for **Postman API Fundamentals** from Lets Upgrade

Awards

MindOverData Oct' 2024

- **Awarded 1st place** in the **MindOverData** for Data Analysis and Data Visualization skills at BVP Delhi.

HackTU 2025 Feb' 2025

- Participation Certificate for **HACKTU (36hrs hackathon)** at Thapar University campus.

Extracurricular & Volunteering

Aerostars (UAV Research and Development Society of MAIT)
Member
MAIT, Rohini- sector 22, New Delhi, India
2023 - Present

Official UAV Research and Development Society of MAIT.

Research Nexus
Member
MAIT
2025

College society regarding research and collaboration.
