Projects

ELARIA

[\[Deployed\]](#) — [\[GitHub\]](#)

- Designed and developed ELARIA – a digital emotional comfort ecosystem that combines personalized comfort spaces (music, films, poetry, reading, journaling) with community support and self-care tools (breathing exercises, mood tracking, gratitude journaling, SOS contacts) .
- Integrated an AI-powered companion for 24/7 empathetic support, enabling users to share thoughts safely, feel understood, and access emotional well-being resources in a compassionate, interactive environment.

Research Scholar Monitoring System

[\[Deployed\]](#) — [\[GitHub\]](#)

- Built a full-stack monitoring system for PHD and research scholars, enabling admins to track attendance, mile stone progress, and supervisor reviews.
- Integrated a machine learning model to predict delays with SHAP-based explanations. Provided scholars with real-time feedback and personalized insights to prevent performance dips. Designed intuitive dashboards for both admin and scholar portals.

LinkedIn Scam Detonator

[\[GitHub\]](#)

- Built a full-stack, ML-powered web application using React, Tailwind CSS, Node.js, and Express to analyze LinkedIn profiles for scam likelihood via web scraping and supervised ML models.
- Implemented four core safety features, scam profile detection, scam text analysis, malicious URL detection, and a user-driven scam reporting workflow, to enhance digital trust and safety, also built the chrome extension for better user experience.

Education

B.Tech, Computer Science and Technology (CST)

2024 – 2028

Maharaja Agrasen Institute of Technology, New Delhi

CGPA: 8.68

Class XII (CBSE)

2023

Kendriya Vidyalaya, New Delhi

84.33%

Class X (CBSE)

2021

Kendriya Vidyalaya, New Delhi

94.33%

Skills

Languages	C, C++, Python, Java
Fundamentals	Data Structures, Algorithms
Web Development	HTML, CSS, JavaScript, Bootstrap, React.js, Tailwind CSS
Backend/DB	Node.js, Express.js, MongoDB, MySQL
Tools	Git, GitHub, VS Code, Postman

Achievements

- Finalist of **CodeClash 2.0 Hackathon** at Google (Top 20 of 2000+ registrations).
- [TUF+ Profile](#)
- [LeetCode Profile](#)
- Solved **500+ DSA** questions.
